You are cordially invited to attend a special String Step-up event we're hosting. As your student grows and progresses, a Step-up Instrument may be just what they need to get to the next level. Our experts have hand-selected the best instruments in our inventory from throughout the Chicagoland and Michiana regions for this one-day-only showcase, and will be available to work with you and your student to select your perfect instrument.

Our Opus 24 Program is an affordable way to make your investment through 24 equal monthly installments with no interest charges! Or, you can save an additional 10% by making an outright purchase at this event. We look forward to seeing you on Saturday, December 8.
